

Pizza Night - IFR Tools for VFR Pilots

“IFR Tools for VFR Pilots” – Learn how to improve your chances of survival, enhance your piloting techniques and increase your confidence when encountering marginal or deteriorating weather conditions. Whether flying “VFR on Top”, over mountainous terrain or water environments at night; what “IFR tools” and techniques do seasoned pilots employ to fly safely when more challenging atmospheric conditions persist. This interactive briefing is beneficial for students and any pilot skill level.

Directions: Enter airport grounds on Rod Sullivan Road. Turn right on Ammons Farm Road, keep chain link fence and airport beacon on your left. Turn left at gate with Wings of Carolina banner. Parking lot in front of and next to the Wings of Carolina Flying Club. For Fly In aircraft, parking is available on ramp in front of Wings of Carolina Flying Club or ramp area in front of FBO.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
